ALIZAY KHAN

Frontend & Backend Developer

Profile

A passionate and self-motivated Web Developer with a strong foundation in both frontend and backend development. Proficient in creating responsive web interfaces and handling server-side logic using PHP and MySQL. Skilled in working with modern web technologies like HTML, CSS, JavaScript, Bootstrap, and Figma.

Currently seeking opportunities to apply and expand my skills through internships, collaborative projects, or part-time roles. I enjoy solving problems, learning new tools, and building real-world applications.

Education

- Advance Diploma in Software Engineering (ADSE) – Enrolled (2024 – Present)
- Aptech Learning, Karachi
- Currently pursuing advanced technical skills in web development, databases, and programming
- Intermediate (Pre-Engineering) – In Progress (2nd Year)
- Government Khursheed Girls College, Karachi
- Board of Intermediate Education Karachi
- Matriculation (Science Group) – Passed (2024)
- Oxford Grammar School, Karachi
- Board of Secondary Education Karachi

Projects

1. Student CRUD Application

- A basic student management system using PHP & MySQL.
- Performed Create, Read, Update, Delete operations with responsive UI
- Used Bootstrap for design and MySQL for database handling
- GitHub: github.com/Alizay-08/Student_Crud

2. Music & Video Website (In Progress)

- A content-based platform with admin and user panels.
- Features: Uploading songs/videos, category management, rating system
- Tools: PHP, MySQL, Bootstrap (Frontend + Backend)
- Will be updated to GitHub once complete
